It would be a good thing for Farmington if our streets could be paved to accordance with the notices published by the Board of Aldermen, but whether the consent of a majority of the property holders along the line of proposed improvements can be secured is questionable. The work would be expensive and there will probably be a considerable remonstrance.

## SUICIDE OF D. F. LINNVILLE.

Well Known Citizen of Bonne Terre Shoots Himself Through the Head.

Mr. David F. Linnville, a well known and popular citizen of Bonne Terre, committed suicide last Monday morning by shooting himself through the head. The ball entered behind the right ear, passed diagonally through the brain and lodged just inside the skin over the left eye.

Mr. Linnville had been in the employ of the St. Joseph Lead Company for about twenty years as superintendent of the furnaces, and several years ago resigned that position and went into the mercantile business. About a year ago his store was destroyed by fire, and he lost very heavily, and shortly afterwards one of his children died. Since then he has at times been very despondent. The company re-employed him in his former position, and he was superintending the furnaces at the time of his death.

Sunday he was more cheerful than usual, and talked of some improvements that he contemplated making to his residence. Monday morning about five o'clock he went out into the back yard, and it is supposed placed a revolver against the side of his head and pulled it off. His wife, hearing the shot, ran out of the house, and seeing what had occurred rushed over to the home of her brother, Mr. Pirtle, to tell him. Returning with her, he helped to carry the prostrate form into the house.

Mr. Linnville was between 42 and 50 years of age, was a man of excellent character and standing and enjoyed in a large measure the esteem and good will of all who knew him. He leaves a wife and three children who have the sympathy of a host of friends in the tragic sorrow and bereavement that has so suddenly come into their lives.

Plenty of vegetables at Klein's.

## BIG FIRE AT LEADWOOD

The Twenty Calcine Furnaces of the St. Joseph Lead Company Destroyed.

The large calcining plant of the St. Joseph Lead Company at Leadwood, consisting of twenty furnaces, was destroyed by fire last Monday morning. The loss is very heavy, and will throw a large number of men out of employment until the plant can be rebuilt, but we understand that the company is preparing to rebuild at once.

**Painful Accident to Mrs. Noland.**

Mrs. Ed. T. Noland met with a very painful and serious accident last Friday. She and her daughter, Miss Margaret, were out driving in a buggy and went as far as Wolf Creek. There Miss Margaret got out of the buggy, and Mrs. Noland attempted to turn the buggy around, when it was upset and she was thrown out, dislocating and breaking the bones of her left ankle. Miss Margaret went to a farm house and got some one to come and turn the buggy up and assist Mrs. Noland into it. They drove back home where Mrs. Noland's injury was found to be a very serious fracture of the ankle bones and she has suffered much pain from it.

**Catholic Entertainment.**

The Opera House was crowded to the doors last Friday evening with an appreciative audience, gathered there to witness the closing exercises of the pupils of the Catholic school. They had been carefully trained under the direction of Misses Stammer and Singer. The school has been a success this year under their charge.

## Do You Want to be a Soldier?

I desire to call the attention of the boys of Farmington and vicinity to the advantages that they may derive from enlisting in our militia company. It costs you absolutely nothing; you may use the armory for social functions; the State furnishes complete uniforms as well as all other necessary equipment; it affords opportunities for many fine trips free of cost, the National Encampment each year included, and will be a source of instruction as well as pleasure. You are only required to attend drill one hour and a half each week, and that after 7 p. m. Do not wait to be invited, for this is not an invitation affair. Every able-bodied boy and man between the ages of 17 and 35 of good moral character is eligible, whether married or single. Either leave your name at Doss & McDaniels' barber shop or see me personally.

PHILIP H. PIPKIN.

## Proposed Stock Fair Company.

Some of our enterprising citizens have in view the organization and incorporation of a stock fair company, and we understand quite a number have subscribed or signified their willingness to subscribe for stock in the enterprise. An option, with a view of purchasing, has been taken on the unoccupied square on First Street used last fall as an exhibit ring for the stock show. It is a worthy enterprise and we hope it will succeed.

The Malden Merit says there are some people in that town who raise the price of their property every time anybody looks at it.

## THE FACTS.

In order to correct the misstatements that have been circulated in reference to the homes of the employees at State Hospital No. 4, the following list is given from the May, 1907, payroll, which sets at rest the misleading statement that "no southeastern man need apply."

The list of employees, except the attendants and nurses, in the cottages is: St. Francois county 33; Callaway county 1; Jefferson county 2; New Madrid county 2; Jackson county 3; Madison county 1; Perry county 1; Cape Girardeau 2; St. Louis City 1; outside of State, but now legal residents of Missouri 2. The latter are skilled labor and difficult to obtain.

The attendants and nurses are as follows: St. Francois county 10; Callaway county 6; Bollinger county 2; Platt county 1; Stoddard county 1; Scott county 2; Mississippi county 1; Ripley county 1; St. Louis 1. Experienced attendants whose former homes were in Kentucky, Illinois and Iowa, 9.

Experienced attendants are very difficult to secure, so much so that the Hospitals of the East have written to the Superintendent for help in securing attendants. Civil service examinations and educational qualifications in many states have reduced the supply of attendants so much that Superintendents are very glad to take experienced and qualified attendants wherever their homes may be. Inexperienced attendants can be employed only in a limited degree. The position of attendant cannot be filled by every one. It requires some education, ability in many ways and tact in caring for the insane.

There is today not a single application for the position of attendant, experienced or inexperienced, on file in State Hospital No. 4. Yet there are three vacancies.

The most difficult task of the management of a Hospital is to secure competent attendants.

If Southeast Missouri can furnish them the management will be only too glad to take them.

**BUSINESS COLLEGE NOTES.**

Prof. Moothart and family attended the musicale given by Farmington talent at Doe Run Tuesday evening.

Our second base ball team crossed bats with State Hospital last week, the score being 4 to 3 in favor of our boys.

Our enrollment has exceeded that of last year by 30 per cent. The prospect for next year at present is very good.

Wendall Herod, who has been a student of the bookkeeping and shorthand departments, has been selected as assistant to Prof. Moothart at the State Hospital.

Miss Mary Cunningham, who recently graduated in the shorthand department, left Monday for Charleston, Mo., where she has accepted a stenographic position in the office of John D. Kling.

Jesse Sutherland and P. O. Murphy were interested visitors last week. Mr. Murphy is one of last year's graduates and now holds a responsible stenographic position with the Hargadine-McKittrick Co.

The school year just closing has been a very successful one. Quite a large number of students have been already placed in good office positions, while others who are qualified will soon go out to office employment.

This year's session closes Friday of this week. Next year's fall term begins Tuesday, Sept. 3. Our catalogue has been somewhat delayed, but we hope to have it ready to mail out by the 10th or 15th of July. Those wishing a copy should send in their request without delay.
